Bike Friendly Event - John has taken over recruiting volunteers for the event and Kalamazoo County will have RACES Trailer present to provide Comms support. An email was sent out to club members to volunteer.

Ken suggested having stronger presentations for the club. He has volunteered to give a presentation on his OCFD in October and will also do a presentation on his travels to Thailand and Albania to set up communications for those countries at a later meeting. He suggested asking club members to do presentations also.

Treasury Report: Presented by Alex. Ending balance for club in August was \$5,813.40 after bills were paid and the new repeater was purchased.

John Tucker mentioned that he has a new Tech class starting next Monday at the Red Cross. There are 7 people signed up to take the class. That is a good number of new Hams based on previous classes.

A note on all club emails will be added to remind members that October is membership renewal month.
